

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. 45	Mar. 13	Committee on License and Miscellany.	<p>An Act creating an athletic commission. Creates an athletic commission with offices at Springfield, composed of three members who serve without compensation and calls for appointment of a secretary with a salary of \$3,600. This commission shall be vested with the sole direction, management and control of all boxing and sparring matches held or given within the State and no such match or exhibition can be held without the authority of the commission. However, the commission could not issue licenses to organizations in municipalities wherein the authorities have prohibited such contests by ordinance. Fees for licenses range from \$25.00 upward, depending on the size of the city, and a tax of five per cent of the gross receipts of such matches and exhibitions must be paid to the State Treasurer. The bill makes certain requirements for such contests as requiring that the participants be 18 years of age and be licensed with the commission, and to present a physician's certificate before each contest; that no contest be more than ten rounds, and no decisions be rendered, that there be at least one minute intermission between rounds and that no such matches or exhibitions be held on Sunday. The sale of intoxicating liquors at such exhibitions is forbidden as is also gambling, betting, etc. Sham or fake boxing is not allowed. Certain requirements as to the weight of gloves are also made. Certain institutions as public playgrounds, gymnasiums, universities, Y. M. C. A.'s, and similar organizations, are exempted from the operation of the bill. Sections 231, 232, 233, 234, 235, and 236, of the Criminal Code, which now contain provisions against the promotion, management and witnessing of prize fights, are made inapplicable to the contests mentioned in this bill.</p> <p>Mar. 13.
